Kurzweil 3000 Important Announcement!

The current version of the Kurzweil 3000 for Windows is Version 13. *If you own Version 11 or older*, you are eligible to upgrade to Version 13 at reduced cost until July 31, 2012. **AFTER** July 31, no upgrade is available for Version 11 and older.

Lost or misplaced software can still be upgraded as long as we have record of your serial number.

Now is the time to upgrade your older Kurzweil 3000! Please feel free to call us at 301-654-3568 or 1-800-582-5051 to upgrade, for more information or whenever we can be of service regards your Kurzweil 3000 software.

Benefits of upgrading:

- ✓ New features
- ✓ Avoid paying higher prices after July 31, 2012
- ✓ Version 13 works on newer operating systems (Vista and Windows 7)
- ✓ All upgrades will have full scanning capability

UPGRADE PRICING
